

HuMateTrimate

THE LIQUID CARBON CARRIER

No. 4769

HuMate Trimate is a ready to use liquid soil conditioner containing carbon, fulvic and humic acids.

20L

May settle, shake well before use

HuMatesTM
HIGH PERFORMANCE ORGANIC HUMATE

Before using HuMate Trimate read label carefully

HuMate Trimate is a ready to use soil conditioner that contains all three major components of Humates – Carbon, Humic Acid and Fulvic Acid. HuMate Trimate improves soil health by acting as a natural chelator to enhance nutrient availability and uptake, water retention, and soil structure, while also promoting beneficial microbial activity. For best results, apply HuMate Trimate directly onto the ground.

APPLICATION RATES FOR GROUND SPRAY / PASTURE

HuMate Trimate
10L-20L / ha up to 5 times per season in adequate water to provide complete ground coverage

MIXING INSTRUCTIONS

- 1. Shake content before every mix.
